### ***8-2.3 Program Residency Requirements***

#### **Notes:**

Students who reside in the City of Milwaukee, must apply to the Milwaukee Parental Choice Program or MPCP.

Students who reside in the Racine Unified School District, must apply to the Racine Parental Choice Program or RPCP.

Students who reside in Wisconsin, but do not reside in either the City of Milwaukee or the Racine Unified school district, must apply to the Wisconsin Parental Choice Program or WPCP.

The parent or guardian who applies will be required to provide documentation showing that he or she currently resides at the address on the application. For purposes of this training, parent will refer to either the parent or guardian of the student.

All applicants must provide proof of residency each year as part of their annual application for the Choice program and the schools must verify residency every year for all applicants.

### **8-2.4 Residency Verification**

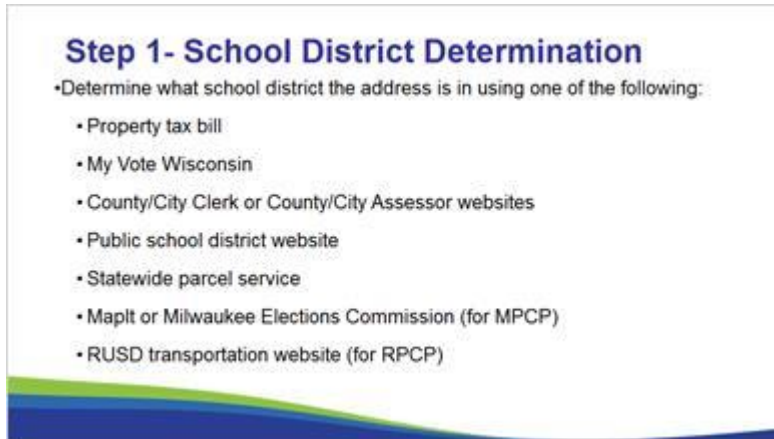

**Notes:**

Once a Choice student application is received by the school in the Online Application System or OAS, the school needs to verify the application in OAS. The residency verification process is a two step process. In the first step, the school will determine the school district for the address on the application and confirm that the applicant lives in the required school district. The school district the parent selected on the application will be identified on the OAS Application Verification screen. In the second step, the school will need to obtain residency documentation from the parent.

### **8-2.5 Step 1- School District Determination**

#### **Notes:**

In Step 1 of the residency verification process, the Choice Administrator will need to determine what school district the address is in. Verification of the school district must be completed using one of the following methods:

- MapIt or Milwaukee Elections Commission (if the address is in Milwaukee)
- Public school district website
- The school may obtain a copy of the property tax bill showing the district for the applicant.
- My Vote Wisconsin
- County/City Clerk or County/City Assessor websites
- Statewide parcel service

The following screens discuss how some of these residency verification websites work. Information about the application requirements and process can be found on the Choice School Application Processing webpage. A link to the Choice School Application Processing webpage can be found in the resources tab of this presentation.

### 8-2.6 City of Milwaukee Address – Map It (MPCP)

#### Notes:

The school may use Map It to verify the student's school district for MPCP applications. The Map It website will require the school to enter the student's house number, select a direction (e.g., North, West, South, East, etc.) and select a street name. After entering the address, the school will need to click on the "Submit" button.

### 8-2.7 City of Milwaukee Address – Map It (MPCP cont.)

#### Notes:

If the student's address is included in Map It, then the address is in the City of Milwaukee. The application must be for the MPCP. If it is not, the parents may correct the school district in the parent application if it is still during the same open application period, otherwise the application is ineligible. The school must print this screen and save it in the student's Choice file for auditing purposes.

### ***8-2.8 West Allis-West Milwaukee School District Attendance Area Site***

#### **Notes:**

Many public school districts have interactive boundary maps. If a public school district has an online interactive map website that displays the parent's address and has a notation on the map (pin, flag, dot, etc.) showing the address is located within the school district, these sites can be used by a school to verify the school district. Some examples of these sites are the Kenosha Unified School District Interactive Boundary Map and the West Allis-West Milwaukee School Attendance Area site.

For example, to check to see if an address is in the West Allis-West Milwaukee School District boundaries using the Attendance Area Site, the Choice school will need to enter the student's address and click "Search."

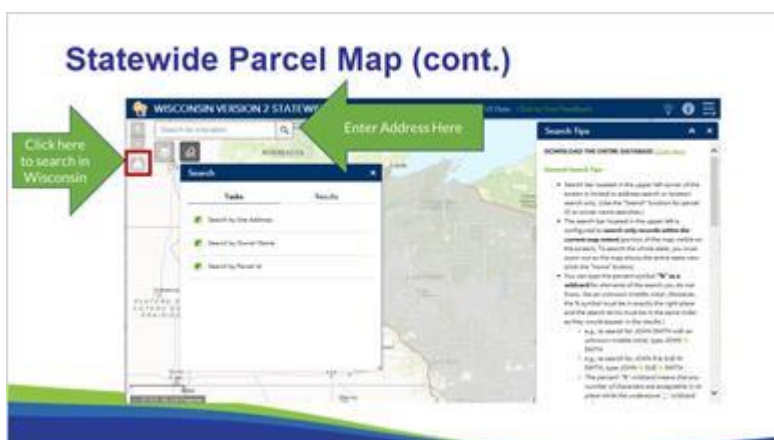

### 8-2.9 West Allis-West Milwaukee School District Attendance Area Site

#### Notes:

If the student's address is within the public school district's boundaries, then a pinpoint, flag, dot, etc., will be displayed on the map. The school must print this screen and save it in the student's Choice file for auditing purposes.

### 8-2.10 Statewide Parcel Map (cont.)

#### Notes:

The Statewide Parcel Map may be used to verify the address of any Choice student in Wisconsin. The first time you use this webpage, read through the search tips. Then click the house button to set the default search area to Wisconsin. In order to locate a specific address, the school will need to enter the student's full address in the box labeled "Search for a location." Once you start typing the address, address options will display below the box. Click on the address you are searching for.

### ***8-2.11 Statewide Parcel Map (cont.)***

#### **Notes:**

After a student's address has been entered into the Statewide Parcel Map, the map will display a blue dot near the address. The school will need to click on the gray parcel close to the blue dot to find the parcel for the specific address. The parcel information will then be displayed. The school must click on the screen expand button to display the full screen view.

### ***8-2.12 Statewide Parcel Map (cont.)***

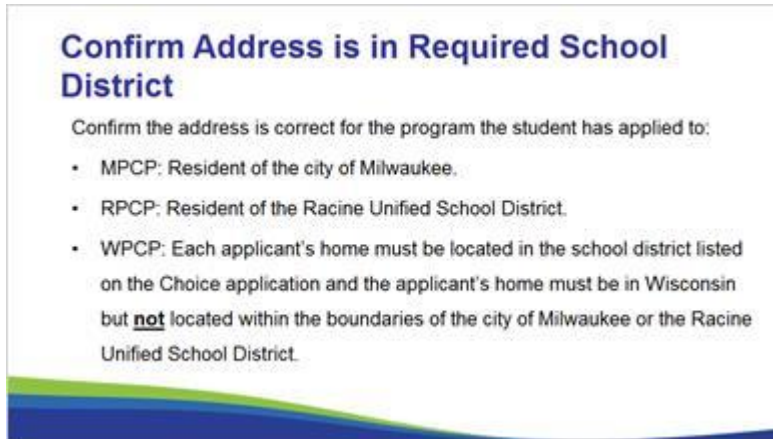

#### **Notes:**

If the public school district name is identified on the Statewide Parcel Map full-screen view, then the school may print the full parcel information to verify the district is correct.

If the school district number only is identified, the school should cross reference the school district name on the School District Domain Directory and write the school district name on the printout.

If the school district number and/or name are not displayed, then the school will need to use an alternative verification option.

### ***8-2.13 Confirm Address is in Required School District***

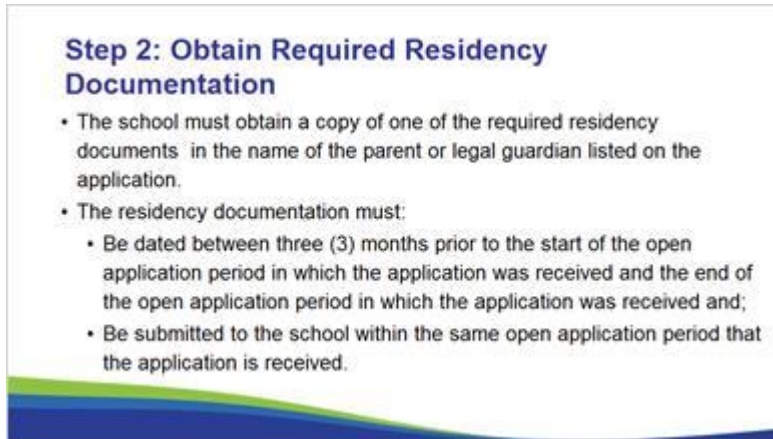

#### **Notes:**

Once the school has determined what school district the address on the application is in, confirm that the application is for the correct program. If the application is not for the correct program based on the criteria listed on this screen, the parents may correct the school district in the parent application if it is still during the same open application period; otherwise the application is ineligible.

For example, if the student's residence is in Wauwatosa but the student applied to the MPCP, during the open application period, the parent could go into the online parent application and correct their application to apply to the WPCP.

### ***8-2.14 Step 2: Obtain Required Residency Documentation***

**Step 2: Obtain Required Residency Documentation**

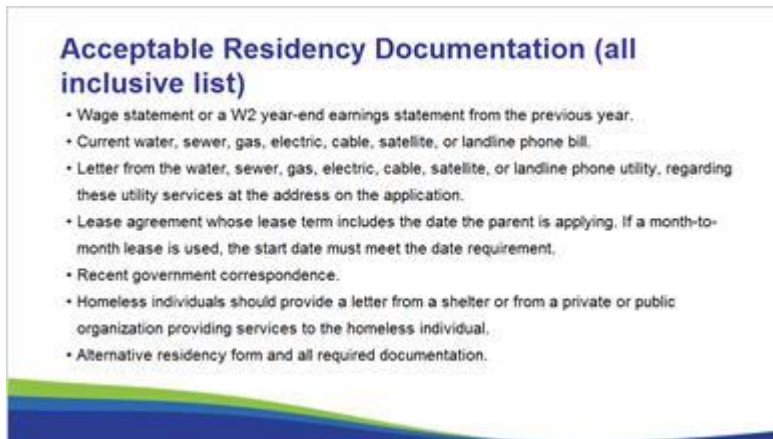

- The school must obtain a copy of one of the required residency documents in the name of the parent or legal guardian listed on the application.
- The residency documentation must:
  - Be dated between three (3) months prior to the start of the open application period in which the application was received and the end of the open application period in which the application was received and;
  - Be submitted to the school within the same open application period that the application is received.

#### **Notes:**

In Step 2 of the residency verification process, the school will need to obtain a permitted residency document from the parent showing the address where the student resides at the time of application. The document must also include the name of one of the parents or guardians on the application.

The residency documentation must be dated between three (3) months prior to the start of the open application period in which the application was received and the end of the open application period in which the application was received. It must also be submitted to the school within the same open application period that the application is received. The OAS Application Verification screen will identify the date range the residency documentation must be within.

### ***8-2.15 Acceptable Residency Documentation (all inclusive list)***

#### **Notes:**

For Step 2 of the residency verification process, the following list is an all inclusive list of permitted residency documents:

- Wage statement or a W2 year-end earnings statement from the previous year. W-2 year-end earnings statements are only acceptable for applications received from February to April since this is the only time period when they would meet the date requirements.
- Current water, sewer, gas, electric, cable, satellite, or landline phone bill. No other utility bills are acceptable residency documentation. For example, cell phone bills are not an acceptable proof of residency. Online bills are acceptable if they include the date of the bill, address, and parent name.
- Letter from the water, sewer, gas, electric, cable, satellite, or landline phone utility, regarding these utility services at the address on the application. This letter must have been sent to the address on the application. Examples of this letter include a letter from the utility company establishing service at the new address or a past due letter sent to address on the application for service at that address.
- Lease agreement whose lease term includes the date the student is applying. If a month-to-month lease is used, the start date must be between the required dates.
- Recent government correspondence. Any documentation that is from a government agency is an acceptable proof of residency. Please note that correspondence from a third party service provider acting for the government agency is not considered sufficient residency documentation. Schools can use current benefits statements from

access.gov as residency documentation if the print-out includes the parent's name, address, and a date.

- Homeless individuals should provide a letter from a shelter or from a private or public organization providing services to the homeless individual.
- The last option is the Alternative residency form and all required documentation. We will discuss when this form may be used and the requirements to use this form shortly.

If the document is not on this list, then it is not an acceptable type of residency documentation. This list is also provided in the Residency Bulletin on the Choice Bulletins webpage. A link to the Choice bulletins webpage can be accessed in the resources tab at the top of the training module screen.

### **8-2.16 Lease Agreements**

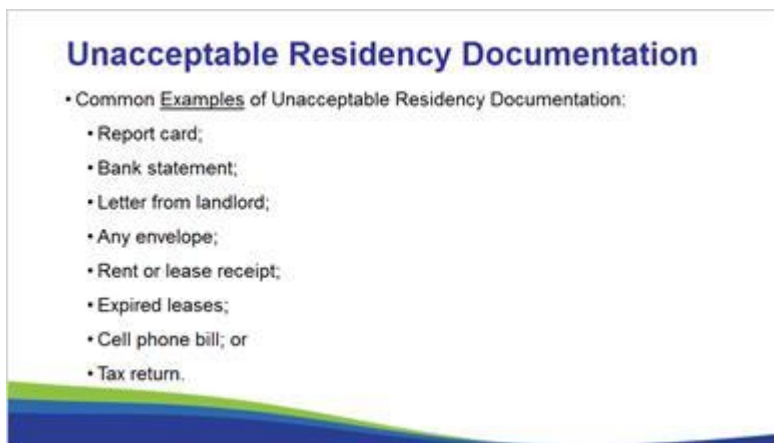

#### **Notes:**

If a lease agreement is used as the supporting documentation for residency, it must meet the following criteria: The lease agreement must be complete and legible. Expired leases are not acceptable residency documentation. The term of the lease agreement must include the date the applicant is applying. For example, if the application was received on March 15 the lease term must include March 15.

If a month-to-month lease is used, the start date must be between three (3) months prior to the start of the open application period in which the application was received and the end of the open application period in which the application was received.

### **8-2.17 Unacceptable Residency Documentation**

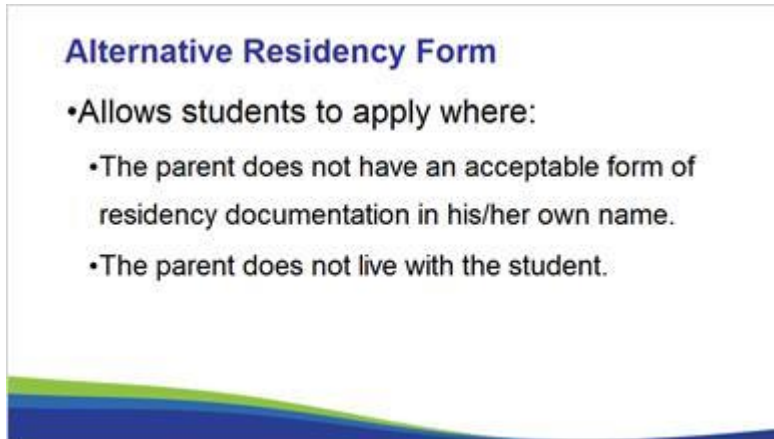

#### **Notes:**

If a school receives a document that is not on the prior list of acceptable documents, the school cannot accept the document as proof of residency. Some common examples of unacceptable residency documentation that a school may receive include a report card, bank statement, a letter from landlord indicating the individual still resides at the address, any envelope, a rent or lease receipt, an expired lease, a cell phone bill, or a tax return.

If a school receives one or these, or another unacceptable document, the school cannot accept the document and must ask the parent to provide a residency document that is on the all inclusive list of permitted residency documents.

### ***8-2.18 Alternative Residency Form***

#### **Notes:**

If a student does not live with his/her parent or if a parent does not have an acceptable form of residency in his/her own name, then the parent can use the Alternative Residency Form to provide a residency document in another household occupant's name.

The Alternative Residency Form is available on the Choice Student Application webpage. A link to this webpage can be accessed in the resources tab at the top right of the training screen.

➤	

#### Notes:

When completing the Alternative Residency Form, both the parent and the household occupant providing the residency documentation must provide required documentation as previously discussed, and both must sign and date the form.

### 8-2.21 Alternative Residency Form (cont.)

**Alternative Residency Form (cont.)**

- May **not** be used :
  - To submit a driver's license as the only proof of residency.
  - As a supplement when the parent is refusing to provide a residency document.
  - Circumvent the residency requirement when the parent has documentation that shows a different address.

#### Notes:

The Alternative Residency form may not be used to:

- Submit a driver's license for the parent on the application as the only proof of residency, even if the address matches the application.
- Provide residency documentation in situations where the parent has the documentation but is refusing to provide it.
- Satisfy the residency requirement if the parent has documentation that shows a different address and the remaining requirements in the form are not completed.

### **8-2.22 Address Matches**

**Address Matches**

- The address on the residency documentation must match:
  - The school district verification print screen and
  - The OAS Application Verification screen.
- The street number, street name, city, and state must be included on all 3.
- The street suffix (ave, dr, etc), and street direction (N, S, E, W) must be included on the residency documentation and in OAS if it is on the school district verification print screen in 1.

**Notes:**

The school must determine that the address on the residency documentation exactly matches the address on the OAS Application Verification screen AND the address on the school district verification print screen obtained in Step 1.

The street number, street name, city, and state must be included on the residency documentation and in the OAS Application Verification screen. Additionally, the street suffix and street direction must be included on the residency documentation and in OAS if it is on the school district verification print screen in 1. Examples of street suffixes include avenue, drive, and street. The street directions are North, South, East and West.

If the street suffix or street direction are NOT on the school district verification print screen, they should not be on the residency documentation or in the OAS Application Verification screen.

### **8-2.23 Parent Name & Address Match**

**Parent Name & Address Match**

- Make sure that the parent's first and last name on the student application matches that on the residency documentation.
- The address on the residency documentation must match the address on the application. Every part of the address must match, except the unit number and zip code. Differences in the street direction or street suffix that are due to period placement or the names being abbreviated versus not abbreviated do not require changes.

**Notes:**

The parent's first and last name on the student application must match the first and last name on the residency documentation. If two parents are listed on the application, only one of the parents names needs to be on the residency documentation. The middle initial and suffix for the parent, if any, do not need to match.

In addition, the address on the residency documentation must match the address on the application. Every part of the address must match, except the unit number and zip code. OAS does not need to be changed, so the school does not need to email DPI for differences in the street direction or street suffix that are due to period placement or the names being abbreviated versus not abbreviated. For example, the school would not need to change OAS or get new residency documentation if:

- An application had Street versus the abbreviation St on the residency documentation,
- An application had North versus the abbreviation N on the residency documentation, or
- An application had Ave. versus Ave without a period on the residency documentation.

### ***8-2.24 Parent Name: Legal Name Change***

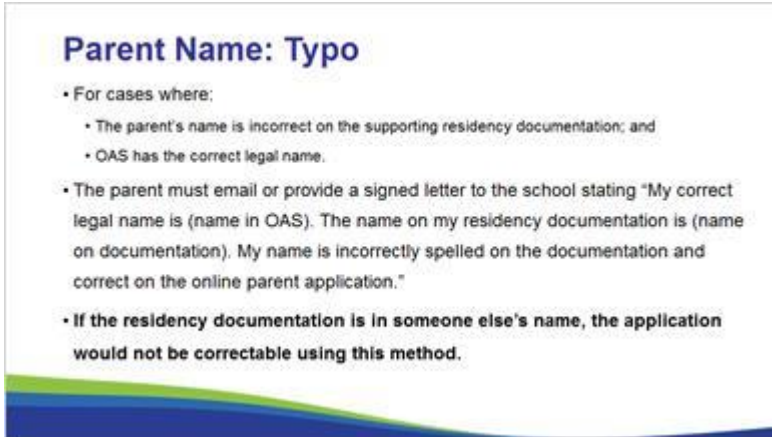

**Parent Name: Legal Name Change**

- For cases where:
  - The parent's first or last name has legally changed; and
  - OAS has the correct legal name; and
  - The parent's legal name is not reflected on the supporting residency documentation.
- The parent must provide additional documentation to verify their legal name (i.e. birth certificate, marriage certificate, divorce decree, certificate of naturalization, certificate of citizenship, etc.).

**Notes:**

In situations where the parent's first or last name has legally changed and their correct name is reflected in the OAS, but the parent does not have residency documentation that reflects the name change, the parent must provide additional documentation to verify their legal name. The documentation can include a birth certificate, marriage certificate, divorce decree, certificate of naturalization or a certificate of citizenship.

### **8-2.25 Parent Name: Typo**

**Parent Name: Typo**

- For cases where:
  - The parent's name is incorrect on the supporting residency documentation; and
  - OAS has the correct legal name.
- The parent must email or provide a signed letter to the school stating "My correct legal name is (name in OAS). The name on my residency documentation is (name on documentation). My name is incorrectly spelled on the documentation and correct on the online parent application."
- If the residency documentation is in someone else's name, the application would not be correctable using this method.

#### **Notes:**

If the parent's name is incorrect on the supporting residency documentation and has the correct name in OAS, the parent must email or provide a signed letter to the school stating "My correct legal name is (insert name in OAS). The name on my residency documentation is (insert name on documentation). My name is incorrectly spelled on the documentation and correct on the online parent application."

If the name on the residency documentation provided is in someone else's name, the application is not eligible.

### ***8-2.26 Parent Name Differences***

#### **Parent Name Differences**

- The required documentation described in the legal name change and typo slides CAN be received after the open application period in which the application is received.
- The school must be able to provide this documentation to the auditor as part of the Enrollment Audit or the application will be determined ineligible.

#### **Notes:**

If there is a legal name change or a typo, the required documentation as described on the previous two slides can be received after the open application period in which the application is received. This documentation must be available for the auditor to review as part the Enrollment Audit. If the information is not provided, the application will be determined ineligible.

### ***8-2.27 School Identified Address Error-***

#### **School Identified Address Error-Additional Documentation**

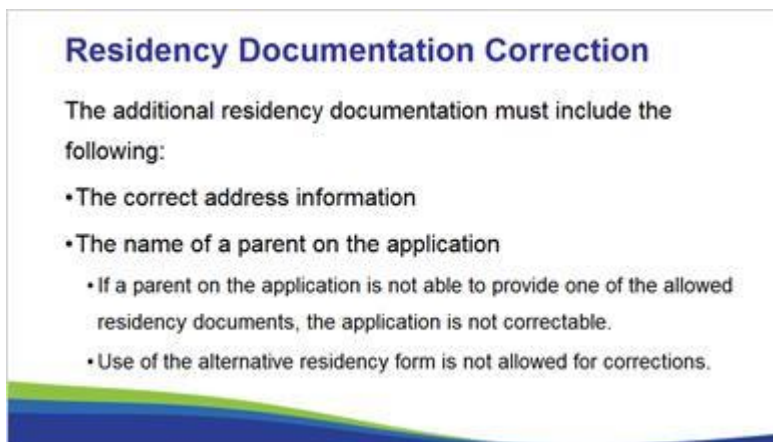

- If the school identifies that the residency documentation does not meet all of the requirements during its acceptance/denial process, the school may obtain additional residency documentation if the original residency documentation received during the open application period included one of the parent's names on the application and an address.
- The school should not find the application eligible until the additional documentation is received. If the additional residency documentation is not received by the date that the eligibility must be determined, the application should be identified as ineligible by the school.

**Notes:**

If the school receives residency documentation during the open application period that includes one of the parent's names on the application and an address and then during the school's acceptance/denial process determines that the document does not meet all of the requirements, the school may obtain additional residency documentation.

The school should not find the application eligible until the correct documentation is received. If the parent fails to provide the additional residency documentation by the date that eligibility must be determined, the school should mark the application as ineligible.

***8-2.28 Residency Documentation Correction***

**Residency Documentation Correction**

The additional residency documentation must include the following:

- The correct address information
- The name of a parent on the application
  - If a parent on the application is not able to provide one of the allowed residency documents, the application is not correctable.
- Use of the alternative residency form is not allowed for corrections.

**Notes:**

The additional residency documentation that is provided to correct the application must have the correct address information and the name of the parent on the application.

An Alternative Residency form cannot be used as a correction to the residency documentation.

Further, if an Alternative Residency form was provided but was incomplete, the application cannot be corrected and the application must be found ineligible.

Generally, the school should review applications as the applications are received to determine that the required documentation was provided. The corrections options provide the school an opportunity to correct the application if an issue is missed during the open application period in which the application is received.

### ***8-2.29 Residency Documentation Correction (cont.)***

**Residency Documentation Correction (cont.)**

- The additional residency documentation must be from the listing of acceptable documents and include a date that meets one of the following:
  - If a document other than a lease is provided, the residency documentation must be dated between three (3) months prior to the start of the open application period in which the application was received and the end of the open application period in which the application was received.
  - If a lease with a term is provided, the lease term must include the date application received.
  - If a month to month lease is provided, the start date must be between three (3) months prior to the start of the open application period in which the application was received and the end of the open application period in which the application was received.

**Notes:**

In addition, residency documentation provided for corrections must meet the same date requirements for the residency documentation that were described earlier. The documentation must be from the list of acceptable residency documents.

The date for documents other than leases, must be between three (3) months prior to the start of the open application period in which the application was received and the end of the open application period in which the application was received.

If a lease with a term is provided, the lease term must include the date the application was received.

A month to month lease must have a start date between three (3) months prior to the start of the open application period in which the application was received and the end of the open application period in which the application was received.

### ***8-2.30 Residency Documentation Correction Support***

**Residency Documentation Correction Support**

The school should:

- Retain the originally provided documentation and write "Original" on it with the date it was received.
- Write "Correct" on the accurate documentation and the date it was received.

**Notes:**

The school should maintain both the original documentation provided and the corrected documentation provided. Write "Original" and the date received on the original documentation provided. Write "Correct" on the correct documentation and the date the corrected document was received.

### ***8-2.31 Correction Requirements (Residency)***

**Correction Requirements (Residency)**

- If the school identified an error where a correction is allowed, the school must complete the required correction procedures before the school is required to determine if the application is eligible.
- All corrections identified by the auditor must be corrected by the following dates:
  - December 15<sup>th</sup> for applications received from February-September
  - The due date of the January Enrollment Audit for applications received from October-January

**Notes:**

For school identified errors that are correctable, the school must complete the required correction procedures before the school is required to determine if the application is eligible.

All corrections by the auditor must be completed by the due dates for the Enrollment Audits. For applications received from February - September, the due date is December 15. For applications received from October - January, the due date is May 1 for schools participating in the RPCP or WPCP and June 30 for schools only participating in the MPCP. If a school participates in the MPCP and the RPCP or WPCP, the Enrollment Audit for all programs is due on May 1.
